AFFAIRS IN BROOKLYN.

CONVENTION OF SUNDAY-SCHOOLS. The fifteenth annual convention of Kings County Sunday-schools was held yesterday in the Central Congregational Church. William McCappell p edded. and John R. Morris and Edgar Bergen were see e-taries. The Rev. Dr. A. J. F. Behrends welcomed the delegates to the hospitality of the church, of which he is paster. The annual report of County Secretary Morris showed that there were 317 Sunday-schools in the county, with 11.215 teachers and officers and 105,319 papils. A number of Sunday school bullings had been constructed, and others althed and enlar el in the last year. Addresses were made by William P. Gill, of the Nustrand Avenue Methodist Episc pal School; the Rev. W. D. Eddy, State missionary; Thomas C. Moore, the Rev. H. D. Weston, J. B. Morrell, P. E. Bromfield and the Rev. Dr. G. C. Dixon, Over 1,000 delegales attended the three sessions of the convention.

THE PASTOR ORIBOTS TO DANCING AND BEER.

There is likely to be a split in the congregation of St. Peter's Reformed Church, Union-ave. and Scholesst. The trouble is due to the pastor, the Rev. J. C. Gunther, who opposes dancing and beer. The King's Daughters and King's Sons, a society of young people in the church, decided a month ago to give a dance on Thanksgiving evening. When an invitation was sent to the pastor, he delivered a sermon on the evils of dancing, and declared that it was not "the thing" for the King's Doughters and Sons to have a reception in a hall where beer was sold. The young people at once recalled the invitations cent out. society then changed the name of its organization to the Young Paopie's Association, and the invitations were refssued. When the pastor heard this he pro-tested strongly, but despite his projectations the dance will be given, and trouble is looked for.

HENRY M. THOMPSON RESIGNS.

Henry M. Thompson, who has been secretary of the Brooklyn City Railroad Company for six years, has offered his resignation of that office, and has also resigned as a director of the company and a member of the Executive Committee of the Board of Directors. Mr. Thompson succeeded Daniel F. Lewis as secretary when the latter was made president of the company. He had previously been the assistant secretary. There has been more or less dissatisfaction with the management of President Lewis, and especially with the fact that he is the head of the Lewis & Fowler Manufacturing Company, which furnishes street milrond supplies. Mr. Therepron owns 4,000 shares of the stock of the company, and he sided with the minority stockholders. The friendly relations between Mr. Henrys m and President Lewis have been somewhat atrains 4, and air. Thompson has been suffering with a nervom trouble for some time. Neither he nor the directors of the company would be any anything about the matter restorday. No steps have been taken to mame his successor.

Vincent spoke upon The Itherants' Cub," outlining a scheme of work on the Chautauqua plan to aid in giving a better educated ministry to the church, which he said sadly needed it. Dr. A. J. F. Behrends, of the Central Congregational Church, spoke upon "The Philosophical Equipment of the Preacher." Professor S. F. Coham, of Drew Sem-leary, lectured upon "The Conduct of Public Wor-ship."

The bark St. Patrick, of St. John. N. B., which arrived at the ber early yesterday, reported the worst experience of any of the incoming ships. Her master, Captain Caddell, reported that she ran through terrific gales, particularly in mid-ocean, which did much demage. The back sailed from Bordeaux fiftyeight days aco. On October 18, while she was laboring heavily in a rough sea, the glass began falling so suddenly that the captain ordered all hands on deck to take in sail, and in a few minutes the ship was under only storm sails. Hardly had things been made saug when a kurricane struck her. The sails blew out of the guakets and went away in rags. To make matters werse the wind began to shift to all

THE DOCK COMMISSIONERS AND SOUND ROATS. The owners of occan fines are much in favor of it, but many other shipping men say that the East Tilver front is badly congested now, and that many sailing craft and "tramp" steam ships which can now dock at the plers along the lowe came in with her decks damaged and parts of her part of the East River would be forced to go uptown much to their financial loss and inconvenience. > DR. ROBINSON CALLED TO A HARLEM CHURCH, the Rev. Dr. Charles S. Robinson, for seventoen yearpastor of the Madison Avenue Presbyterian Church, had been called to the pastorate of the New-York Presbyterian Church, One hundred and twenty eighth stand Seventh ave., was the subject of a good deal of comment in church circles during the day. Robinson said to a reporter who called at his home No. 250 West Filty-seventh-st., last night: "At a meeting of the congregation last night, called to order by the Rev. Dr. McMillan, I was unanimously chosen to be its pastor. I have, as you know, been filling the pulpit there regularly since October 1. The church years ago from West Eleventh-st., where its pasto was the Lev. W. W. Page. The congregation, though small, is growing rapidly, and now humber about 2009. The cell was not unexpected. I was informed of the intention of the congregation about two weeks ago. It is by no means certain that I shall accept the call. If I do, it is not likely that I shall act as postor for a long time. The years begin to prescupion me, and, besides, I have my literary work to attend to. I shall continue to preach in the church for a while."

BIDS FOR THE NEW CITY HALL.

Bids were received youterflay by Messrs. Pearson, Datz and Burke, City Hall Commissioners, for the construction of the new City Hall. The bids for the complete work were as follows: F. W. Cane, \$392,000; John E. McArthur, \$306,000; M. Connelly, \$358,000. C. A. Bouton & Co., of New-York, bid \$240,000 with-out pilling. The lowest separate bld for pilling was made by Patrick Connelly at \$9,535 66. This bid, added to that of C. A. Bouton & Co., makes the total about \$65,000 lower than the next highest proposal, and it is believed that the contract will be awarded to these contractors. The commissioners are, by the act of the Legislature, only allowed to expend \$250,000 for the City Hall, and the lides of C. A. Bouton & Co. and Connolly are \$8,000 in excess of that amount. Owing to the fact that there is such wide difference between the lowest two bidders, it is thought that the compossioners will not regard the is thought that the commissioners will not regard the \$5.000 excess. No award was made because Corporation Caunel Edwards desired to 30 over all the proposals. Bonds for \$100,000 must be furnished by the persons receiving the contract, same of three who bid for the contract objected to the commissioners receiving the bid of C. A. Bonton & Co., because it was presented two infunes after the first bid was opened. Mr. Fonton explained the delay by saying he was a strategy, and aftering he was in the City Hall at the hour appointed he lost several infunction in finding the room used by the commissioners, which is the back room in the Mayor's office. The commissioners oversided the objection.
